RE: ACT/003/006

Tungston Mine

Andrew M. Speth

Box Elder County

FROM: Paul L. Sjoblom *PLS*

I contacted John Blake, Division of State Lands, on status of activity on the Tungsten Mine on T9N, R15W, Sec 16, SLBM, a State section. He stated the lease was still valid and even though he knows of little or no mining activity on the site the lessee intends to operate the mine; therefore, this file has changed from Proposed (PRO) to Active (ACT).

No It Hasn't
